OBJECTIVE

Looking for the position of a software developer where my creative thinking and skills in application development using modern development tools will be utilized for the betterment of the company.

Willing to relocate.

RELEVANT WORK EXPERIENCE

</>[EDIT LLC](#), CREATOR OF [BUILDICUS](#) AND [MONTAGE](#), FRESNO, CA

Software Application Developer, July 2016 – October 2016

- I was part of the Montage team where I continued to develop and hone my skills with AngularJS 1.x/2, ES2015, Node.js, TypeScript, SASS, LESS, TDD Unit Testing, among other leading technologies. While in this amazing team atmosphere I participated in creating new features and debugging a large, complex application all while using Git and GitHub.
